WEBINAR

FREQUENTLY ASKED QUESTIONS

» What is a First 5 Minutes Webinar?

First 5 Minutes now provides a select range of live web-based video training - powered by Zoom. Our Training Consultants can broadcast our emergency preparedness training to your facility anywhere at anytime. The platform is an easy and reliable cloud platform.

» Are First 5 Minutes Webinars secure?

First 5 Minutes Webinars are powered by Zoom.

Zoom places security as the highest priority and continually provides a robust set of security features to achieve its goal of providing the most efficient and secure real-time HD meeting service.

Zoom's communications infrastructure for real-time video, audio, and data resides on Zoom dedicated servers.

All First 5 Minute webinars are secured with a password. Communications are established over a secured network using 256-bits Transport Layer Security (TLS) encryption standard and all shared content is encrypted using Advanced Encryption Standard (AES) 256-bit algorithm.

» **Do First 5 Minutes Webinars serve my Australian Standards 3745 compliance requirements?**

Yes. All training content is in accordance with Australian Standards requirements and recommendations. We also record training attendance and make this available via our Webconnect portal for reporting and auditing purposes. [Click here](#) to visit Webconnect.

» **Can I still receive training in-person?**

Yes. All our traditional in-person training and consulting services are still available. To find out more [click here](#) or call a member of the First 5 Minutes team - 1300 321 120.

» **Can more than one facility/site attend a Webinar at the same time?**

All First 5 Minutes training is site specific. We provide tailored training to meet the bespoke needs of every facility and/or site, enabling a personalised experience while ensuring facility compliance in relation to Australian Standards.

We can however in some circumstances provide Webinar training to multiple sites. If you would like to find out more speak to one of our team members today. Visit first5minutes.com.au or call us on 1300 321 120.

 - iPhone 4 or later, iPad Pro, iPad Mini, iPad 2 or later, iPod touch 4th Generation, iPhone 3GS (no front facing camera)
- ▶ Android 4.0x or later
- ▶ Kindle Fire HD

WEBINAR REQUIREMENTS

» Do Webinars communicate with any legacy H.234/SIP endpoint including Polycom, Cisco and Lifesize?

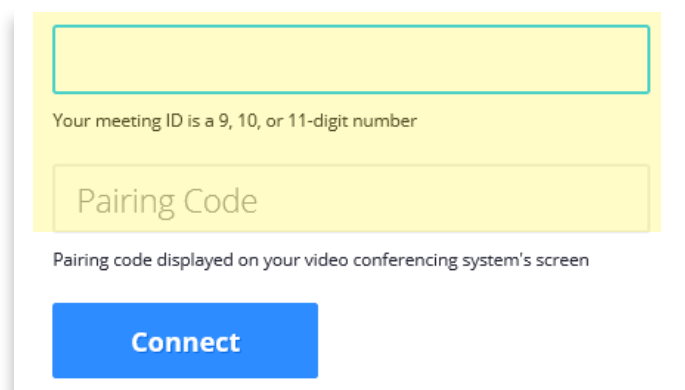

Yes – our Zoom system can connect with SIP or H.323 room systems.

- ▶ When joining the Webinar at the schedule date and time. Open a web browser and visit <https://zoom.us/join>;
- ▶ Select Join a meeting from H.323/SIP room system;

The screenshot shows the 'Join a Meeting' page on Zoom. It features a text input field labeled 'Meeting ID or Personal Link Name' with a placeholder text 'Your meeting ID is a 9, 10, or 11-digit number'. Below the field is a blue 'Join' button. At the bottom of the form, there is a yellow highlighted link that reads 'Join a meeting from an H.323/SIP room system'.

- ▶ Enter the Meeting ID and Pairing Code in the below fields. These details can be found in your Webinar meeting invite;

The screenshot shows the 'Connect' page for joining a meeting from an H.323/SIP room system. It has a yellow background. There are two input fields: the top one is for the 'Meeting ID' (placeholder: 'Your meeting ID is a 9, 10, or 11-digit number') and the bottom one is for the 'Pairing Code' (placeholder: 'Pairing code displayed on your video conferencing system's screen'). A blue 'Connect' button is at the bottom.

- ▶ Click connect and you will join the webinar.

» Is training recorded?

No – First 5 Minutes training is not recorded.

» How do I exit a Webinar?

- Select End Meeting located on bottom right hand corner of window.

- A pop up box will appear. Select Leave Meeting.

» How can I learn more?
