**WEBCONNECT**

Compliance Management Tool

Webconnect is F5M's online compliance management web portal. Purpose-built to provide increased control, consistency, and visibility of your emergency compliance program across each and every site.

Keeping track of your AS 3745 compliance is simple and easy. Access your sites emergency planning documents, training schedule and reports, all in one secure place, 24/7.

WEBCONNECT

ACCESS EMERGENCY MANAGEMENT DOCUMENTS

Have quick access to view and print your site's emergency management manual, evacuation diagrams and warden lists. We also provide Emergency Plan Statements certifying your compliance in accordance with AS 3745.

REVIEW EMERGENCY RESPONSE TRAINING

Check your training schedule for both past and upcoming events.

ACCESS TRAINING RECORDS AND REPORTS

Manage your warden listings and contacts. Access training attendance registers for each site, as well as see your sites evacuation exercise history.
